

HAND TOOLS AND ACCESSORIES

CLAMPS - QUICK ACTION TG Series

- Extra strong MCI reinforced jaws with a non slip device for safer and more secure clamping up to 6,000N compression
- Fully heat treated profiled and serrated rail for additional strength and grip
- Two component 2K handle with a wear resistant square acme threaded spindle

Size	Part No.	Part No.	Handle
160 x 80mm	TG16-2K	-	-
200 x 100mm	TG20-2K	TG20K	Sliding T bar
250 x 120mm	TG25-2K	TG25K	Sliding T bar
300 x 120mm	TG30S12-2K	TG30S12K	Sliding T bar
400 x 120mm	TG40S12-2K	TG40S12K	Sliding T bar
500 x 120mm	TG50S12-2K	-	-
600 x 120mm	TG60S12-2K	TG60S12K	Sliding T bar

CLAMPS - QUICK ACTION - ALL STEEL GZ-K/SG-M Series

- Fully heat treated profile rail for safer and more secure clamping
- New designs delivers 20% more pressure per spindle rotation
- General purpose welding clamps GZ-K for pressures up to 6,500N
- Heavy duty welding clamps SG-M with a wear resistant 35° tilting pressure pad for pressures up to 12,000N

SG-M pad with friction resistant insert that prolongs clamping life

Size	Part No.	Size	Handle
200 x 100mm	GZ20K	250 x 140mm	SG25M
250 x 120mm	GZ25K	300 x 140mm	SG30M
300 x 140mm	GZ30K	400 x 140mm	SG40M
400 x 120mm	GZ40K	500 x 140mm	SG50M
600 x 120mm	GZ60K	600 x 140mm	SG60M

CLAMPS - QUICK ACTION - LEVER GH Series - Vibration Resistant

- Fully heat treated profile rail for safer and more secure clamping
- Lever handle is 'locked' into position and cannot release
- Hardened steel cam inserts deliver smooth frictionless pressure for instant clamping speeds up to 8,000N compression

Size	Part No.	Size	Handle
160 x 80mm	GH16	400 x 120mm	GH40
200 x 100mm	GH20	500 x 120mm	GH50
250 x 120mm	GH25	600 x 120mm	GH60
300 x 140mm	GH30	800 x 120mm	GH80

VIKING ARM - LIFT, LOWER, PRESS, CLAMP AND EXPAND

With a lifting capacity of up to 150 kg, the range of applications for the Viking Arm™ is virtually unlimited. As you begin to implement this high-quality Norwegian tool, you will shortly discover its vast versatility. Making the job easier and saving time, while also saving your back.

Lift, clamp, press or tighten with controlled precision in both directions, thanks to the unique patented lock and release mechanism. Turning a two-man job into a one-man job. This ingenious invention assists its user with the installation of doors, windows, cabinets, kitchen appliances, flooring, porches, decks, framing and foundations, HVACs and more. The adaptability of this tool will never cease to amaze you.

The Viking Arm will fast become one of your favourite tools, solving a variety of everyday practical challenges. Feel the solid construction with high grade carbon steel, stainless steel, and lightweight aluminium. Capable of lifting heavy objects into millimetre accuracy, with the use of only one hand.
