

## PLUMBOSS ROLLNUT WRENCH

- Rugged pressed steel frame
- Easy thumb-turn nut for one handed operation
- Exceptional trade quality

Code	Description
PB900-7	Rollnut Wrench 900/7 inch (175mm)
PB900-9	Rollnut Wrench 900/9 inch (225mm)
PB900-12	Rollnut Wrench 900/12 inch (300mm)
PB900-14	Rollnut Wrench 900/14 inch (350mm)

## SQUEEZE-OFF / SHUT-OFF TOOLS FOR POLY AND COPPER

A range of shut off tools ideal to have on hand for repairs, maintenance, and emergency work.

Prevents the need to shut down the mains. Poly will reform & regain flow when the squeeze is released (The PESS01 stainless steel tool is suitable for water & gas).

The Copper Shut-off tool can re-open the copper.

Code	Description	Suits	Capacity
PESS01	Stainless Squeeze-off Tool for gas and water	Poly	0 - 32mm
RD04300	Shut-off Tool for water - PESO1	Poly	10 - 32mm
RD04281	Standing Shut-off for water - SSO1C	Poly	20 - 32mm
PSO20-63	Squeeze-off with Chain for water	Poly	20 - 63mm
RD08201	Shut-off Tool - CSO1R (can re-open the copper)	Copper	20 - 25mm

## FREEZEBOSS AND COLD SHOT PIPE FREEZING KITS

- Fast action freezing
- Freezes steel, copper & plastic pipe
- Holds pressure up to 230PSI (which is much greater than mains water supply)
- Prevents the need to shut off the water mains
- Always have on hand for emergencies
- Use freezeBOSS with disposable freeze cans or the Cold Shot with CO2 bottles

Code	Description
FBI8-28	freezeBOSS INT Pipe FRZ Kit 8 - 28mm
FBE8-35	freezeBOSS EXTREME Pipe Freezing Kit 8 - 35mm
FBI-E500	freezeBOSS INT/EXT Repl Can 500g 415ml
FBU-PRO35	freezeBOSS Pipe Freeze Ultimate Pro-Kit35 8 - 35mm
FBU-700	freezeBOSS Pipe Freeze Ultimate Repl Can 700g
GS-118020	CST2 - Pipe Freezing Kit Cold Shot 10 - 60mm

## PIPE DESCALER

Wide, tough scrapers that remove scale, dirt, and corrosion quickly from pipe surfaces for better cutting, joining, gasket/valve seating, water tapping or drilling. Faster and more effective than chisels, chains or files. Needs only 50mm of clearance. Roller handles for smooth movement. Made of zinc-plated steel, blackened for rust protection, blades can also be sharpened.

Code	Description and Capacity
RD08000	Pipe Descaler 70 - 300mm - DS12
RD08006	Pipe Descaler 70 - 910mm - DS36

## BRANCHFORMING TOOL KIT NO.2 1/2 - 2 INCH KKB02

Hand operated branch forming tool kit for copper tube.

Eliminates up to 90% of T-fitting purchases. One brazed joint replaces 3 soldered joints. No need for tube cutting. 66% fewer joints. Less chance for leaks or call backs. KKB01 kit also available (1 inch kit).

## T-DRILL BRANCHFORMING PACKAGE 1/2 - 2 INCH BFK65CU

The heavy-duty T-DRILL T-65 for copper tubes is the best solution for pulling branches up to 54 mm off run tubes up to 108 mm (with optional retrofit kit for up to 168.3mm run tubes).

Your competitiveness and job profit will increase – reduce cutting, welding (only one brazed joint), fitting costs, inspection costs and risk of call backs due to leaks. Extremely fast, form a 50mm branch in seconds. Achieve better flow characteristics.

- T-Drill Tube End Notcher ND-54 sold separately
- Stainless Steel version also available, see TD5330808

## T-65 SS MACHINE TO SUIT COLLARS OD 17-54MM TD5330808

The powerful T-DRILL T-65 SS for stainless steel is the best solution for pulling branches in stainless steel of 20 – 50mm in main run tubes up to 114mm (with optional clamping system for up to 300mm run tubes). Job profit will increase - reduced cutting, welded joints, fitting costs, inspection costs and tube polishing at welding points. Extremely fast, form a 50mm branch in a few minutes. Achieve better flow characteristics.

- Collaring heads and pilot drills ordered separately as per your requirements
- Copper version also available, see BFK65CU

## BEVEL BOSS PLASTIC PIPE BEVELLER HEAD (TO SUIT MILWAUKEE DIE GRINDER)

Plastic pipe beveller adapter for Milwaukee die grinder (die grinder not included). A Router Bit is required, and sold separately, choose from 12 or 15 degree.

Bevel Boss provides a safe way to bevel plastic pipe in the field. In addition to safety on the jobsite, the system also provides a consistent bevel, fast. Bevel from 50mm OD pipe – no max.

Code	Description
RD04649	Cordless Portable Pipe Beveller Adaptor
RD44644	Carbide Router Bit 15mm x 15deg - RBIT1
RD44648	Carbide Router Bit 25mm x 12deg - RBIT2

## MANUAL PLASTIC PIPE BEVELLER

Strong aluminium frame. Produces a smooth 15° bevel on all types of plastic pipe, the bevel can be up to 38mm long. Can be easily adjusted for different pipe sizes and thicknesses, with no part changes.

Code	Description
RD04395	Plastic Pipe Beveller 40 - 200mm - BT1
RD04398	Plastic Pipe Beveller 40 - 300mm - BT2
