COIL SPRING DRAIN CLEANING ROD SET 30F FRH30

Heavy duty, indestructible, sectional, highly flexible. Can bend more than 180 degrees. Join rods to form a Rod Set to clear 3 – 6 inch pipe lines.

DRAINAGE TESTING

Inspection testing, leak testing, pipe purging, pipe system sealing.

A complete range of single seal and double seal mechanical test plugs, pneumatic test balls, and canvas test bags available.

Common size requirements in the table below.

The Air Test Kit allows pipe systems to be tested with air instead of water.

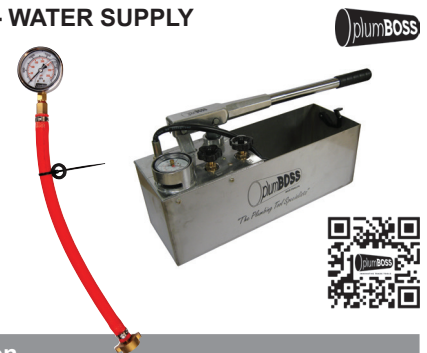

Our Plug Safe tools mean you won't lose another test plug down the line.

Code	Description
PBATK	plumBOSS Air Test Kit 100mm Plugs
PBATK6	plumBOSS Air Test Kit 150mm Plugs
2PS	Test Plug Pressed Steel 50mm
3PS	Test Plug Pressed Steel 75mm
