

COLLAPSIBLE BUNDS

- Temporary pop-up solution to store drums, IBCs, plant, machinery or vehicles
- Capture any drips, leaks or spills before they spread
- External wall braces create self-supporting walls which can be collapsed for easy access
- Supplied in a portable carry bag
- Australian made

Product code	Description
SCCB1.2X1.2-SD	Collapsible bund standard duty 1.2m x 1.2m
SCCB1.6X1.2-SD	Collapsible bund standard duty 1.6m x 1.2m
SCCB2.4X2-SD	Collapsible bund standard duty 2.4m x 2m
SCCB4X2.4-SD	Collapsible bund standard duty 4m x 2.4m

Variety of standard sizes available. Customised options can be made on request. Contractor series PVC pictured above. Standard duty PVC listed. Heavy duty and chemical duty materials are also available.

BUNDED SPILL MATS

- Place underneath vehicles, plant and machinery to capture and absorb leaks and drips
- Easy to store, transport and set up - highly portable
- Walls can be driven over, creating an ideal wash pad
- Supplied in a portable carry bag
- Australian made

Product code	Description
SCSM1X1-SD	Easy store spill mat standard duty 1m x 1m
SCSM2X2-SD	Easy store spill mat standard duty 2m x 2m
SCSM4X2-SD	Easy store spill mat standard duty 4m x 2m
SCSM6X3-SD	Easy store spill mat standard duty 6m x 3m

Variety of standard sizes available. Customised options can be made on request. Standard duty PVC listed and pictured above. Contractor series, heavy duty and chemical duty materials are also available.

DRUM & IBC SPILL PALLETS

- Safely store liquids in drums or smaller containers. Banded pallet captures any drips, leaks or spills
- Spill pallets include removable grates for easy cleaning
- Available in a variety of sizes
- Include data plates which state the pallet's sump capacity, maximum UDL, composition materials and net weight
- Manufactured and load tested in Australia

DB4G shown above

Product code	Description
DB2G	Two drum spill pallet - 246L sump capacity
DB3G	Three drum spill pallet - 250L sump capacity
DB4G	Four drum spill pallet - 242L sump capacity
DBSIBC	Single IBC spill pallet - 1150L sump capacity
DBDIBC	Double IBC spill pallet - 1470L sump capacity

LOW PROFILE SPILL PALLETS

- Safely store drums or a selection of containers
- Banded pallets capture any drips, leaks or spills
- Spill pallets include removable grates for easy cleaning
- Low profile spill pallets can be joined together to make a banded work platform
- Manufactured and load tested in Australia

DB4LP shown above

Product code	Description
DB2LP	Low profile spill pallet - 83L sump capacity
DB4LP	Low profile spill pallet - 145L sump capacity
DB6LP	Low profile spill pallet - 240L sump capacity
DB8LP	Low profile spill pallet - 270L sump capacity
DBRLPB	Ramp for low profile spill pallets

DRIP AND SPILL TRAYS

- Made from heavy duty, tough UV-stable polyethylene
- Resistant to oil, fuels and a variety of chemicals and will not rust or rot
- Include encapsulated data plates which provide vital product information
- Four sizes available - choose from small up to pallet-sized (extra large)
- Australian made

SCTRAYL shown above

Product code	Description
SCTRAYS	Drip tray small - 25L capacity
SCTRAYM	Drip tray medium - 52L capacity
SCTRAYL	Drip tray large - 159L capacity
SCTRAYXL	Drip tray extra large - 256L capacity

ABSORBENT PADS

- Choose either general purpose pads for everyday spills (grey), oil and fuel only pads (white) or hazchem / chemical pads (pink)
- Australian made polypropylene pads can absorb up to 20x their own weight in liquid
- Colour-coded for easy recognition

Product code	Description
SCM45M-100	General purpose pads 45x45cm - med. duty (100)
SCOF45S-50	Oil and fuel 45x45cm pads - standard duty (50)
SCOF45S-200	Oil and fuel 45x45cm pads - standard duty (200)
SCOF45T-100	Oil and fuel 45x45cm pads - heavy duty (100)
SCH28S-50	Hazchem 30x30cm pads - standard duty (50)
SCH45S-50	Hazchem 45x45cm pads - standard duty (50)

Absorbent pillows, mats, booms (socks) and rolls are also available.

SPILL CONTAINMENT

SPILL CONTAINER DRUM TROLLEY SJ-400-001

- 100% recyclable polyethylene construction
- Sump capacity of 250L
- Vertical spill containment of up to 3L
- Double walled construction for strength and securing against leaks
- Safety support locks into place for easy vertical loading and storage
- Drum not included

2 DRUM WORKFLOOR SPILL CONTAINER SJ-300-001

- 100% recyclable polyethylene construction
- Slip resistant texture on workflow deck and ramp
- Excellent chemical compatibility
- Sump capacity of 120L
- Dimensions of 800mm (L) x 1,600mm (W) x 150mm (H)
- Weight of 24g
- Drums not included

- Also available
- **SJ-300-006** 4 drum workflow spill container
 - **SJ-300-010** Workflow Ramp

4 DRUM RACK & SPILL CONTAINER SJ-200-010

- Securely stacks up to 4 x 205L drums
- 100% recyclable polyethylene construction
- Compatible with most forklifts and pallet trucks
- Sump capacity of 450L
- Dimensions of 940mm (L) x 1,375mm (W) x 390mm (H)
- Weight of 15kg
- Drums not included

- **SJ-200-003** 2 drum rack and spill container also available

UNDER RACKING SPILL CONTAINER SJ-UR22-YE

- Positions under racking to collect and contain spills
- Avoids hazardous spills on workplace floors
- Compatible with most forklifts and pallet trucks
- Easy access for the visibility and cleaning of spills
- 100% fully recyclable, UV stable PE construction
- Capacity of 1,100L
- Empty weight of 34kg

- **SJ-UR27-YE** Also available, with dimensions of 500mm (H) x 2,665mm (W) x 1,300mm (D)

100 SERIES 4 DRUM IN-LINE SPILL PALLET SJ-110-006

- 100% recyclable polyethylene construction
- Non-skid removable deck
- Compatible with most forklifts & pallet trucks
- Excellent chemical resistance
- Holds up to 4 x 205L drums
- Sump capacity of 249L (236L to underside of platform)
- Dimensions: 1,460mm (W) x 1,460mm (D) x 305mm (H)
- Drums & containers not included
- **SJ-100-002** Also available, holds 2 x 205L drums dimensions of 750mm (L) x 1,300mm (W) x 440mm (H)

SINGLE IBC SPILL CONTAINER SJ-510-001

- 100% recyclable polyethylene construction
- Excellent chemical resistance
- UV & weather resistant
- Compatible with most forklifts & pallet trucks
- DIBt German Standards approved
- Sump capacity of 1,100L
- Dimensions are 1,680mm (L) x 1,680mm (W) x 700mm (H)
- IBC not included

- **SJ-520-001** Also available, sump capacity of 1,165 litres with dimensions of 575mm (H) x 2,260mm (W) x 1,460mm (D)

PRATT SPILL PALLET STANDARD 4 DRUM 1235

- High Load Capacity up to 1364kg
- Bright, safety yellow sidewalls are translucent, offering convenient visual leak detection
- Polyethylene construction compatible with a broad range of chemicals, including acids & corrosives
- Sump: 249L
- UDL: 2727kg
- Dimensions (mm): 1295L x 1295W x 254H
- Weight: 36kg

PRATT IBC SPILL PALLET 1 TANK 1158

- Low profile - allows safe & convenient IBC tank handling & dispensing
- All polyethylene construction
- Forkliftable - allows convenient positioning to desired locations
- Four inner polyethylene columns support uniformly distributed loads
- Sump: 1362L
- UDL: 3864kg
- Dimensions (mm): 1570L x 1570W x 660H
- Weight: 115kg
