

Abbott & Ashby

BORN IN AUSTRALIA

With over 40 years of innovation for the Australian market you know that the Abbott & Ashby Industrial range of bench grinders are performance leaders that are sure to stand up to the toughest of jobs.

Abbott & Ashby is designed in Australia and caters to everyone from the serious DIYer to the professional industrial operator.

In 1976 the idea of the Abbott & Ashby bench grinder was born. It was years in development and many prototypes later that the first Abbott & Ashby bench grinder was available for sale and was positioned at the forefront of the market.
